

SAVES FUEL

What would a 5% fuel savings mean to you?

That's the average fuel savings gained from **SUPREME 7000** in fleet tests. *(Test results available upon request.)*

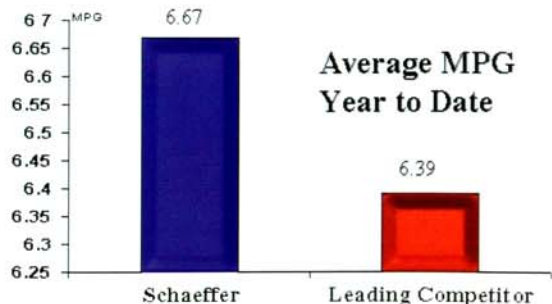

Friction not only causes wear, it also robs you of fuel economy. **SUPREME 7000** fights friction in three ways – with para-synthetic base stocks, Micron Moly[®] and Penetro[®].

SUPREME 7000's formula provides fuel economy of up to 5%.
